Building Safety Week Kick-off Event

8 a.m. to noon
Saturday, May 2
at Home Depot
1680 Stringtown Road

Join us for a morning of activities and important information.

- **Learn how to locate and operate the gas valve, water main and electrical panel in your home.**
- **Learn about fire extinguishers, smoke detectors and other safety equipment.**
- **Get information about property maintenance, permits and other building issues.**
- **Experience the Jackson Township Fire Department's safety house.**
- **Get the facts about household hazards like mold and radon.**
- **Learn how local agencies can help homeowners to make necessary repairs.**
- **Find out about hazardous waste collection and recycling programs.**
- **Children ages 5-12 can build their own wooden wheelbarrow at Home Depot's Kids Workshop.**
