

# CRIME ALERTS

## What is the Crime Alert Program?

The Crime Alert Program is an email notification system used to advise the public of current crime trend information.

## What can Crime Alerts do for me?

Crime Alerts offer individuals, businesses, schools and organizations easy access to important law enforcement information on a timely basis. Such information may include, but is not limited to, scams, bad check alerts, counterfeit money information, thefts, and security issues related to each group.

## How can I start receiving Crime Alerts?

To subscribe to our Crime Alerts, complete the application on the right and return it to the police station. The information provided will enable us to provide you important crime alert information as soon as it becomes available.

## ABOUT CRIME ALERTS

Crime Alert information comes from a variety of sources, including, but not limited to:

- Police investigations.
- Criminal trends around the city, state, or country.
- Information from you on any suspicious activities witnessed. Information received immediately helps us to stop crime.

If you work cooperatively with the police department, you can help reduce the possibility of falling victim to a crime.
