1. Ordinance C-115-05 (Approve the Use for a Telecommunications Tower located at 4665 Hoover Road) was given its second reading and public hearing.

Ms. Dena Farmer, representing T-Mobile, explained that they propose to place a cell tower at Grove City High School, by replacing an existing light pole by the bleachers.

Mayor Grossman asked what the annual payment would be to the schools. Ms. Farmer said they will receive \$21,000.00/yr. under the 30 year lease.

Mr. Lester asked about the location of the tower; how it was reviewed; and if there were any way to relocate it further away from the facilities. Ms. Farmer explained that the area that they are trying to cover is 50% residential and 50% school property. The school is the only choice to place this new tower. In their review for the location on the school property, the choice was made due to ease of access, utility runs and the ability to replace a pole rather than adding a pole. *Mr. Hatley* asked what was on the pole now. Ms. Farmer said the stadium lights. He asked how much higher the cell tower would be. Ms. Farmer said they will take down the existing pole, put up a new 150' pole (50' higher than existing), replace the lights and add the cell tower to the top. Mr. Hatley asked if the

tower portion would stick out beyond the pole. Ms. Farmer said yes and showed them a picture of the new pole configuration. Mr. Lester asked if an existing pole by the soccer field could be used. Ms. Farmer said they may still have the same coverage, but if they move outside of 25 – 50’, they will need to redo all their studies and would put them behind in their construction schedule. He asked who would get the existing pole. Ms. Farmer said it would be left for the school district.

There being no additional questions or comments, Mr. Lester moved it be approved; seconded by President Saxton.
