PROJECT NARRATIVE:

This narrative serves as a summary of work for the proposed freestanding Dunkin' Donuts to be located at 6032 N. Meadows Drive, Grove city, OH 43123 and as indicated on the vicinity Map below.

The overall project scope consists of a new 2,375 s.f. freestanding wood framed building with exterior materials to be brick veneer with fiber cement lap siding tower elements, aluminum storefront and glazing and aluminum composite metal panels adjacent to the glazing areas.

Site improvements will include new asphalt parking, storm water system, landscaping, dumpster enclosure, LED site lighting and sidewalks

Drive-Thru:

A drive –thru has been proposed for this location due to geographical location and forecasted demand. Because of the buildings proximity to I-71 and the multi-shift hours at the nearby hospital it is requested that the drive-thru service operations continue 24 hours a day, while dine-in hours be from 5am – 10pm daily. Please refer to exhibits 1 – 7 below.

Outdoor Seating:

The project also calls for an outdoor dining area at the side of the building facing London Groveport Rd. The outdoor patio will consist of exterior tables and umbrellas per exhibits 8 & 9 below.

PROJECT EXHIBITS:

Exhibit #1: Preview Board

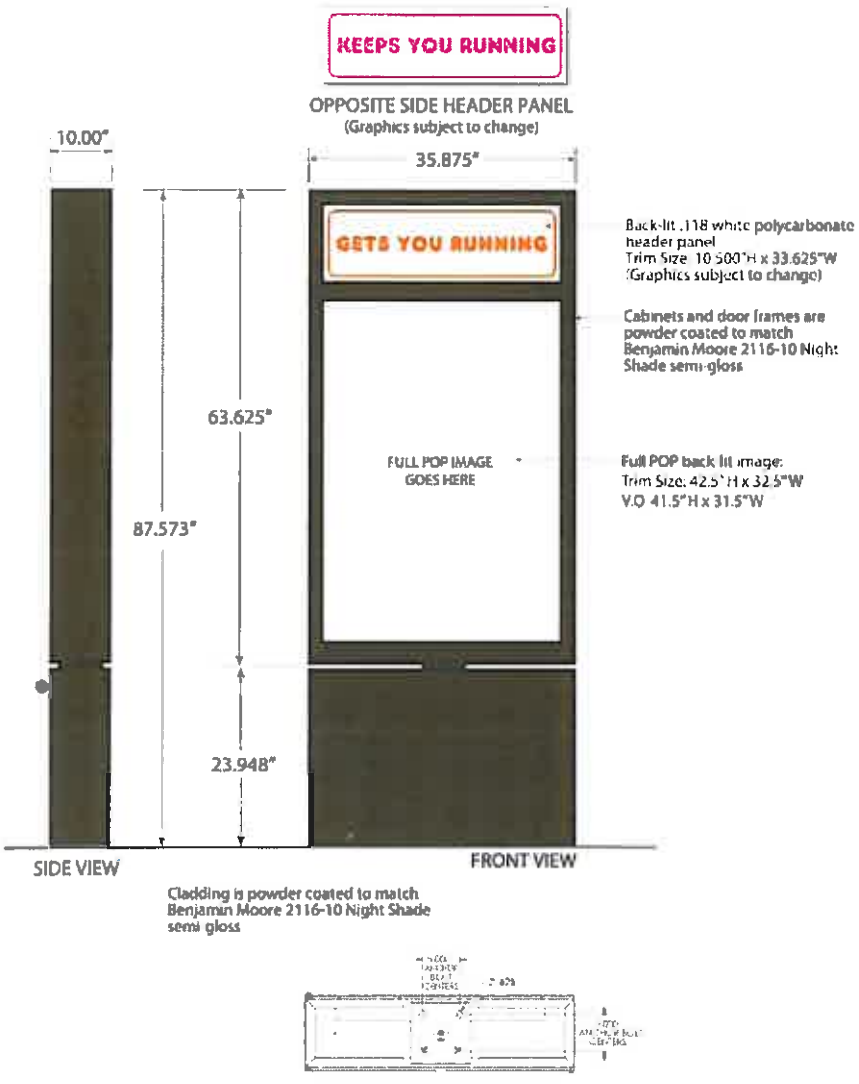

Exhibit #2: Clearance Bar
