

Circle K Outside Displays

The area to be used is the front porch/Sidewalk. This area measures 82' 6" end to end of the front of building and 71" deep.

Starting at the left end of the building when facing the front there will be 2 Propane cages sitting 80" from end of build and each measuring 35" deep and 44" wide, total display 88" wide. This will be a year round display.

Sitting 88" from the propane cages to their right is Windshield Washer Display that is 41" deep and 9' wide. This will be a year round display. The right end of this display is 88" to the left of the front doors.

Sitting 99" to the right of the front doors is a Bottle Water Case Display. The display is 41" deep and 6' wide. This display will be seasonal with case water in March, April, May, June, July, August, September, and October. Bottle Antifreeze the months of November, December, January, and February.

Sitting against the right end of the water/antifreeze display is bundled firewood. This display is 19" deep and 15' wide. This will be a year round display.

Sitting against the right end of the firewood is an ice merchandiser. This merchandiser is 36" deep and 8' wide. The right end of this display ends at the right ends even with right end of the building.

There is an 8' wide walkway or ramp that leads to the front entry doors unobstructed from the lot.

All the above is visible in the attached pictures of the front of the building.
