

HOME BUYER EDUCATION: WHY RENT WHEN YOU CAN OWN

OSU Extension, Franklin County and the City of Grove City are hosting a free workshop series where you can:

- Learn the basics of budgeting, credit, mortgage loans, and the home buying process
- Network with professionals such as lenders, realtors, insurance agents, and home inspectors
- Get information about financing options, including grants, loans, and cost assistance programs

Participants must attend all four workshops. Those who do and attend a budget counseling session will earn a HUD-certified Certificate of Completion, which often is required to apply for cost assistance programs.
