III. Attendance

1. Attendance

A sign-in sheet is located at the program site and a parent or guardian must sign in the child each day. If the parent/guardian does not sign in the child, the leaders assume your child is not there for the day.

2. Inclement Weather Days

- a. Before-school P.A.R.K. operates only on days when the South-Western City School District is in session.
- b. P.A.R.K. is not held on scheduled holidays or other off days such as for teacher in service. Please refer to the school calendar for a list of the closed days so you are prepared to find alternative care.

- d. In the case of a delay to the start time for school due to fog or snow, our program still operates from 6 a.m. until the buses are able to transport the children to their designated sites. Our leaders remain at the program site until all children have left.

 - a. An ill child is isolated from the rest of the group within sight of the leaders and provided with a place to rest.
 - b. A parent/guardian is called immediately to pick up the child.
 - c. A leader waits with the child at the program site until a parent/guardian arrives. It is imperative to react quickly to a call from our program. Our leaders have other commitments after the before-school program.
2. A child is considered ill if he/she displays any of the following symptoms:
 - Diarrhea (passing abnormally loose stools three or more times within a 24-hour period).
 - Severe coughing causing the child to become red or blue in the face or to make a whooping sound.
 - Difficult or rapid breathing.

Any child exhibiting the above symptoms is isolated from the rest of the group (within sight of the leaders), provided with a cot and observed carefully. The parent/guardian is called immediately to pick up the child within 30 minutes.

A sign is posted at the school informing parents of exposure to a communicable disease when appropriate. A communicable disease chart also is posted at each site.

2. P.A.R.K. Activities

Your child is provided a variety of activities ranging from rest, quiet activities and homework time to arts, board games, free-play activities to programmed recreational activities. The activities are chosen taking into consideration that children are at different developmental stages and abilities.

3. Clothing and Personal Belongings

Send your child dressed appropriately and comfortably, ready for warm or cold, rain or shine! When the weather is colder, children should have a warm coat, head covering and gloves.

If your child brings personal belongings to the program, he/she is solely responsible for those items. The City of Grove City Parks and Recreation Department is not responsible for any damaged or lost items.

4. Medication Administration

The P.A.R.K. program has a strict policy against administering any type of medication not prescribed by a physician. We will administer only personal prescriptions filled by a pharmacist with a label bearing the child's name and directions for administration. The parent must complete the proper authorization forms and must give the medication to the P.A.R.K. leaders.

5. Electronic Media Policy

Electronic game devices including, but not limited to, Nintendo DS, Gameboy Advance and PSP, and other expensive electronic devices such as cell phones and MP3 players are not permitted at the P.A.R.K. program. Watching television or other videos during any Grove City Parks and Recreation program is not permitted. Program philosophy dictates that activity choices for program participants shall be creative, active and imaginative and provide enriching programming in a safe, fun environment.

VI. Walking Permission

1. Walking to School

Participants who are students at J.C. Sommer Elementary School and Park Street Intermediate School are escorted by P.A.R.K. staff as they walk to school. In case of severe weather, J.C. Sommer students may be transported by the Evans Center bus to their school. If your child attends either school, please sign the appropriate Walking Permission Slip enclosed and submit it to the P.A.R.K. staff.

VII. Parent Access

The parent or guardian of a child enrolled in the P.A.R.K. program is permitted unlimited access to the program during the operating hours for the purposes of contacting the child, evaluating the premises or the care provided. Upon entering the premises the parent or guardian should notify the P.A.R.K. staff of his/her presence.

Parent concerns, opinions and suggestions are always welcome. Parents who need assistance with concerns or questions about the program may contact the P.A.R.K. leaders, recreation supervisors or the City of Grove City Parks and Recreation Office.

Conferences with P.A.R.K. leaders or recreation supervisors are available upon request of the parent.

VIII. Behavior Management Policy

The P.A.R.K. behavior management policy was established with the knowledge that children need clear limits set in ways that do not negatively influence their self-esteem. Limits are established to protect each child from hurting himself/herself or others and damaging the equipment or facilities. The leaders set guidelines and use various techniques for group management. The goal is for each child to become a problem solver and conflict resolver.

Our P.A.R.K. environment is designed to promote success, allowing for much freedom within the limits. Children need to explore the limits of each setting. Just as your child tests you, each child will probably test us sometime during the year, to define our personal and P.A.R.K. site limits. When children do test the limits, we allow the child several chances to change the behavior:

- a. Behavior problems are managed through conflict-resolution techniques, such as, leader/child discussion, redirection, offering of choices, removal from the situation, loss of privileges, and, in severe situations, dismissal from the program.
- b. Behavior problems are managed according to the following steps:
 - (1) Leader/Child Conference
 - Verbal correction
 - Redirect child's actions
 - Offer choices
 - Offer solutions
 - Removal from the problem situation

If the behavior is consistent or habitual or is a single case of a severe inappropriate action:

(2) Leader/Parent Conference

(3) Leader/Parent/Supervisor Conference

A child at the final step may have appropriate consequences established such as loss of privileges, suspension or dismissal from the program. Severe behavior problems could result in immediate dismissal from the program. If a child cannot adjust to the program setting and behave appropriately, the parent or guardian may be asked to find alternate care.

Behavior management is the slow process of helping a child see the sense and experience the success of acting a certain way. Behavior management helps children develop self-control and respect for themselves, other people and the community, but should never harm, shame or frighten a child. All employees are required to treat children with respect, and use discipline as a learning opportunity.

IX. Emergencies and Safety Policies

1. Emergency Medical Forms must be filled out completely by the parent or guardian before the first day of the program. These are kept on site.
2. **All children need to have at least two emergency contacts written on their Emergency Medical Forms. These people should be no more than 30 minutes away from the site.**
3. Actions for emergencies follow the procedures as stated on the Emergency Medical Form.
4. If a medical condition is listed on the Emergency Medical Form, a *Child Medical/Physical Care Plan Form* must be filled out to inform and train the P.A.R.K. leaders of all necessary instructions to properly care for your child.
5. Children will be transported to the source of emergency medical or dental care by parent or guardian or by medical providers only depending on the seriousness of the accident.
6. Additional Safety Policies
 - a. No child is to be left unattended or unsupervised. Children may use the restroom or get a drink unsupervised with the leaders' permission if the entire group within the program resides indoors. If the entire group is outdoors/playground, there are group restroom breaks supervised by a P.A.R.K. leader.
 - b. The staff has immediate access to a working telephone at all times. Each site has a department-issued cell phone that one staff member has on or near he/she at all times.
 - c. Fire drills are held randomly on a monthly basis. Tornado drills are also discussed.
 - d. The Parks and Recreation Department and staff are required to immediately notify the local public children services agency when they suspect that a child has been abused or neglected.
 - e. An injury report is completed and filed when injuries occur. A parent will be asked to sign this form and will be given a copy of the report.
 - f. During colder weather children are expected to be dressed appropriately for outside play including a warm coat, head covering, gloves and other necessary clothing.

The P.A.R.K. program follows licensing guidelines set forth by the Ohio Department of Education and the Ohio Department of Jobs and Family Services. The guidelines are available on request from the Recreation Supervisor.
