MAYOR'S COLUMN

Planning for the Next 35 years

Grove City continues to be enriched in so many ways. We have become a truly "complete, livable community" offering our citizens essentially the best of everything, in many cases within a walkable, bikeable distance. In the last year we've welcomed Mount Carmel Health System as they opened facilities on their new 110-acre health care campus and Byers Chevrolet as they debuted their new Chevrolet showroom, Grove City's first new car dealership in decades.

The growth of our community's new businesses brings total employment to nearly 24,000 individuals. The city's employment opportunities resulted in an enviable unemployment rate.

	Ohio	Franklin County	
Unemployment Rate	4.5%	3.7%	
Unemployed Number	258,606	23,657	
Workforce Number	5,747,920	643,276	
	Reynoldsburg	Gahanna	Grove City
Unemployment Rate	3.73%	3.62%	3.47%
Unemployed Number	731	666	677
Workforce Number	19,581	18,421	19,496

U.S. Bureau of Labor Statistics; November 2014

Business growth and development continues in our Town Center as well. Plans call for a ground breaking this summer on a new \$14-million library at the front door of Town Center on site-ready land at Broadway and Grant Avenue.

New business growth has been matched by our residential growth as we continue to be the number one central Ohio suburb in housing starts six of the last eight years.

Thirty-five years ago the city was home to 16,816 residents and today nearly 40,000 people call Grove City home. Planning for the next 35 years to accommodate the anticipated increase in residents and businesses is one of our critical tasks. Planning will include accommodating the anticipated housing demand forecasts that point to increasing preferences for walkable, complete communities where daily needs are within close proximity to homes and jobs. Zoning and infrastructure investment are affected by how we shape our future and one of our planning tasks involves continued active participation in Mid-Ohio Regional Planning Commission's (MORPC) insight2050.

Insight2050 is an effort to prepare central Ohio for future growth and the impacts of various planning options. For example, communities may elect to continue land-use and transportation investments based on past trends of expanding undeveloped land to maximizing growth through infill on previously developed land. The effort will specify the fiscal, mobility, environmental and public health impacts of various scenarios. The City has been an active participant in Phase I of the MORPC effort and we will become more involved in the next phases.

The City's planning effort "Grove City 2050" will demonstrate an early start this summer when we feature the fiscal and practical benefits of embracing planning with environmental considerations by hosting the first Grove City Ecofest, Saturday, Aug. 22 at Henceroth Park. This event will be central Ohio's first, annual festival focusing on sustainability with plans to make the event Ohio's best. Please save the date and plan to attend.

Our community has certainly been blessed and I'm confident the best is yet to come.

The history of Jackson Township and Grove City comes to life in a historic play that weaves an entertaining story of the early days of the township as the community expanded from the new Harrisburg Turnpike carved from the Ohio wilderness. "The Century Box," the historical performance crafted by playwright Jeremy Sony, uses characters representing early settlers including pioneer Hugh Grant and businessman and Grove City founder William Foster Breck to recount the narrative of the birth of our community in celebration of Jackson Township's bicentennial.

The drama is a production of the Grove City Historical Commission in coordination with Jackson Township and the Little Theater on Broadway.

Community Watch Volunteer Program

The Grove City Community Watch Program is a community program developed with members of the Grove City Citizens Police Academy alumni that promotes the safety of the community in partnership with the Grove City Division of Police. Volunteers wear uniforms that proudly display that they are the eyes and ears of law enforcement in Grove City, although participants are not sworn police officers.

Members of the Grove City Community Watch Volunteer Program participate in training from the Division of Police staff to ensure the program succeeds in helping eliminate crime in our neighborhoods and commercial areas. Members are supervised by a sworn law enforcement officer who monitors the performance of patrols under their jurisdiction.

The Grove City Community Watch Program is a resident-police partnership offering an effective approach to community safety, awareness and involvement. Considerable credit for the reduction of crime rates is attributed to the presence of a mobile community watch on the streets. Volunteers serve within the program with enthusiastic interest in the safety and security of the community.

Are you prepared for an emergency? Set up your Smart911 profile.

Smart911 is a service that allows a resident to create a free safety profile for his/her household that includes information important for 911 dispatchers and first responders to know to assist you best in an emergency.

After creating a profile, whenever you call 911 in a participating community such as Grove City nationwide from a phone associated with your profile, your information is displayed on the 911 call taker's screen (e.g. medical conditions, what floor your apartment is on, how many pets you have, etc.). Dispatchers share it with first responders when details can save time and therefore lives. The service is private and secure, and you control the information in your profile. Set up your account at www.smart911.com.

Community Volunteers Drive Grove City

Grove City has a proud tradition of community involvement enabling the city to maintain a close-knit, small-town feel as it has experienced significant growth over the past three decades.

An indicator of the level of engagement is the sheer number of volunteers who step forward in Grove City to help those in need financially, to keep our community clean and beautiful, to safeguard and celebrate our history, to make sure our youth stay active and healthy and so much more.

Summer is when these organizations and the individuals who support them are most visible in the community. This is a great time to recognize them for all they do - or better yet, join them!

Gantz and Windsor Parks
614-277-3050 • Parks.GroveCityOhio.gov

Windsor and Gantz parks feature shelters large enough for family and company gatherings available for public rental. To qualify as a resident, a person must live or work in Grove City or Jackson Township. This does not include all of ZIP code 43123; ZIP codes are used by the U.S. Postal Service to designate the office that delivers mail to an address. Visit FranklinCountyAuditor.com to check your address. Grove City parcel IDs start with 040; unincorporated Jackson Township with 160.

Through the City of Grove City Fair Share Policy, non-residents who pay income tax to the City of Grove City are eligible to participate at resident rates. To be eligible, non-residents must annually provide proof of employment on company letterhead with the signature of the personnel director or a current pay stub showing the employer's address.
