BOARD OF ZONING APPEALS STATEMENT OF HARDSHIP

Under Section 1133.02 of the Grove City Codified Ordinances, the Board of Zoning Appeals has the power to grant variances from the Zoning Code or Sign Code. No variance shall be granted unless the Board finds that **all** of the following facts and conditions exist:

- (1) The variance granted will not be contrary to public interest or adversely affect the health or safety of persons residing or working in the vicinity of the proposed development or be injurious to private property or public improvements in the vicinity.
- (2) Granting the variance requested will not confer on the applicant any special privilege that is denied by the Zoning Code or Sign Code to other lands or structures in the same zoning district.
- (3) A literal enforcement of the Zoning Code and Sign Code will result in unnecessary hardship by depriving the applicant of rights commonly enjoyed by other properties in the same zoning district under the terms of the Zoning Code or Sign Code.
- (4) Special conditions and circumstances exist which are peculiar to the land or structure involved, and which are not applicable to other lands or structures in the same zoning district.
- (5) The special conditions and circumstances do not result from the action of the applicant.
- (6) The variance so granted does not violate the spirit of the Zoning Code. In granting a variance, the Board may impose such requirements and/or conditions it deems necessary and are not inconsistent with substantial justice and avoiding unreasonable hardship to property owners.

I have read Section 1133.02 and believe that my application for relief satisfies each of the six criteria set forth above in the following ways (attach a separate sheet if needed):
