

Proclamation

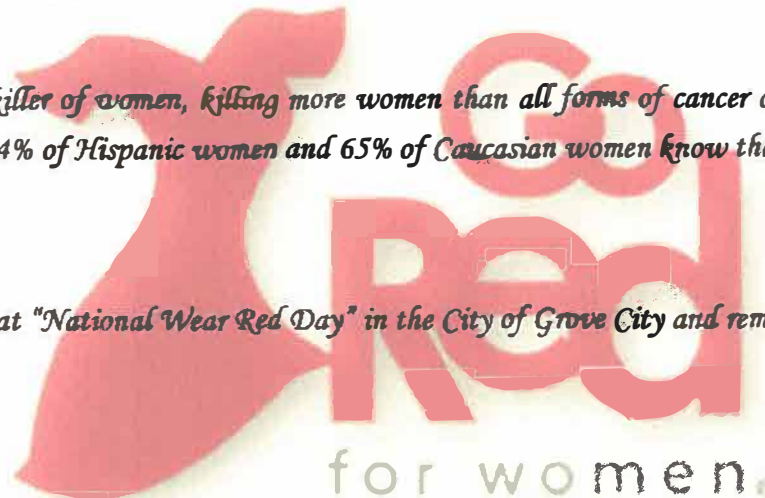

“National Wear Red Day”

Whereas: the American Heart Association's "Go Red for Women"® initiative encourages women to take control of their heart health; and

Whereas: heart disease is the No. 1 killer of women, killing more women than all forms of cancer combined, but only 36% of African American women, 34% of Hispanic women and 65% of Caucasian women know that heart disease is their greatest health risk,

NOW THEREFORE,

I do hereby proclaim February 3, 2023 at "National Wear Red Day" in the City of Grove City and remind our citizens of the vital importance of preventative health care.

Richard L. "Ike" Stage, Mayor

February 2, 2023
